Korea-Israel Industrial Collaboration Conference
on 23 October, 2015 from 9:30~17:30

Korea and Israel have been developed the close partnership in industrial R&D
and would like to extend that partnership to various fields.
We believe this conference will reinforce the synergy between Korea and Israel
and will be a blueprint of Korea's creative economy development model.

It will be deeply appreciated if you can deliver a congratulatory address at
our conference.

Please honor us with your presence
